

Secret Enterprise

Established 2007

SECRET ENTERPRISE was originally founded by Albert Leon III, Brant Callahan and Robbi Spencer, as a Rock Band and a Production Company, that would produce quality music and videos to serve as entertainment for the masses. As a band, SE joined forces with Drummer Clark Davenport and Lead Guitarist Wade Maddock, to create a live music group that would play various venues in and around the State of California.

SE has been performing live shows in Northern California for the past 3-years and in that time, they have had the opportunity to play in front of some very special people, including Sammy Hagar and Dave Mustaine. SE has also received the praise of many famous people like Bootsy Collins and Ron Jeremy.

SE has collaborated on music projects with great musicians like Tommy Lee and Rob Zombie, releasing songs like "Tommy Don't Sue Me", featuring Tommy Lee on Drums and "Bite Your Lip", featuring Rob Zombie on Vocals. One of SE's newest songs, entitled "Lead Me On" features Chris Cornell on Vocals.

The Saga of SE Continues....

In 2011, Shirl finally came home to SE Studios and began a work and ministry with her new husband Robbi Spencer. Together, they have brought a new spark to SE, a spark of love!! At first, most of their productions were both music and video, but then Robbi & Shirl began to branch out into film and 3D Virtual Worlds.

Shirl brought with her, a multitude of talents both musical and technical. The first track that Shirl and Robbi did together was a duet called "Is It True?" and from there, the hits continued to roll out of SE Studios. The Spencers even released a Christmas Special on DVD in 2013. After starting SE Bunnies, Shirl created the Cuddlemuffin Showdown, a reality based internet television series that is still awaiting funding for Season-2. Robbi & Shirl Spencer have created literally hundreds of Youtube videos that have done very well over time.

In 2011, Shirl & Robbi won America's Cutest Couple. Using their Music and Videos as well as the Cuddlemuffin Showdown, production, they took first place, leaving the Obama's in 4th place.

In 2013, Shirl & Robbi Spencer appeared in an Indie Film called "RAZED LIFE". Playing members of a Faux Rock Band, Shirl and Robbi really bring it in this soon to be released film!

In 2014, Shirl & Robbi continue to release hit after hit on the Internet and taking SE even higher up the charts and also farther up the ladder of the success! Be sure and visit the website for more info about Secret Enterprise.
